

The St. Johns Herald.

The Territory of Arizona, Treasurer Butler tells us, will soon owe \$600,000. A massive debt, and mighty little to show for it.—Prescott Courier.

Wyatt Earp, ex-marshal of Tombstone, and a gentleman well-known throughout southern Arizona, is now running a saloon in Aspen, Colorado.

John and Thomas Graham, who were indicted for perjury committed at the October term, 1884, of the District Court in this county, are reported to have left their bondsmen badly in the lurch by "skipping" the country.—Arizona Miner.

A woman near Magdalena recently gave birth to five children at one time and they are all alive. This is accounted for, not so much from the prolific conditions of the climate, as the fact that their happy father took home a beautiful framed motto last summer, which reads "God Bless our home."—Citizen.

The foregoing from the Arizona Citizen, and the further fact that Apaches are selling barley and wheat in Globe, is a clincher on the statement of Gen. Pope and other military officers that reservation Indians are reduced to the necessity of eating insects and snakes in order to preserve life.—Globe Silver Belt.

The druggists of Topeka, Kansas, have filled nearly 12,000 prescriptions for whisky for "medical purposes," since prohibition went into effect. It seems that prohibition causes more sickness and suffering than a small-pox epidemic; and vaccination or inoculation with anything but the "pure stuff" put up by druggists is a failure as a preventative.—Ex.

Two members of a Mormon family at Sanpete, Utah, lately died from copper poisoning. Although medical aid was tendered them in season, they refused to accept it, contenting themselves with the "laying-on of hands" of a church dignitary. There is nothing so certain as the "faith cure" to cure a person of all their troubles upon earth. It knocks them out of existence every time.—Pioche Record.

The following is a copy of the daily rations issued to the Indians at San Carlos: Three-fourths lbs. flour to each man, woman and child; from 1 to 1 1/2 pounds of beef to each man, woman and child; 4 pounds of coffee to each 100 rations; 7 pounds of sugar to each 100 rations; 3 pounds of beans to each 100 rations; soap and salt are also issued but no tobacco.

A canvass to ascertain the number of polygamists in Utah is being made. The last canvass was in 1880, and showed the number of polygamous women in Salt Lake City to be 13,556; husbands with 7 wives and upwards, 887; husbands with 5 wives, 730; husbands with four wives, 1100; husbands with 2 wives, 1,400. If present figures can be ascertained, the contrast will be interesting.—Mohave County Miner.

Of twenty-three men who started from San Antonio, Texas, 27 years ago, at the first opening of the San Antonio and San Diego overland stage line, and came to New Mexico and Arizona, twenty have lost their lives and been scalped by the hands of the Apache Indians at various times. The other three are still alive, among them our informant, R. Yeomans, of the Burro Springs ranch. The twenty were killed at various places between Eagle Pass, Texas, and Tucson, Arizona.—Deming Tribune.

The statement which has been published in several Arizona papers to the effect that no money would be apportioned to the several counties from the territorial school fund this year is erroneous. A levy of three cents on all the taxable property in Arizona will bring into the territorial treasury about \$11,000, of which amount about \$7,000 will be available for distributing among the several counties.
